

INDEX TO VOLUME XXXV

- Abdominal tumours in infants and children, 1
 Accident-proneness, importance of, in aetiology of head injuries in children, 215
 Accidents, poisoning, in childhood, 127
 Adenocarcinoma of testis in child, 200
 Adrenal cortical hypoplasia in siblings, 561
 — hypoplasia, congenital, pituitary lesions associated with, 197
 — in siblings, 197
 African children, amoebic liver abscess in, 171
 AHERNE, W.: A case of osteopetrosis with intercurrent pneumocystis pneumoniae, 495
 Albers-Schönberg osteopetrosis with intercurrent pneumocystis pneumoniae, 495
 Aldrich's syndrome, 259
 ALLIBONE, E. C., ILLINGWORTH, C. F. W., and WRIGHT, T.: Neurofibromatosis of the vertebral column, 153
 Alveoli in terminal respiratory unit of man, number of, during late intrauterine life and childhood, 544
 Amnion nodosum in sirenomelia and monomelia, 250
 Amoebic liver abscess in African children, 171
 Anaemia, absorption of radioactive iron by infants with, 355
 —, Fanconi's, 367
 —, iron-deficiency, between 3 months and 2 years of age and comparison of treatment with ferrous sulphate and ferrous fumarate, 281
 —, megaloblastic, of infancy in Jamaica, 134
 Anastomosis, ileo-anal, and total colectomy in treatment of ulcerative colitis in children, 90
 ANDERSON, C. M.: Histological changes in the duodenal mucosa in coeliac disease, 419
 —, and FREEMAN, M.: 'Sweat test' results in normal persons of different ages compared with families with fibrocystic disease of the pancreas, 581
 —, see also BISHOP, R. F., and ANDERSON, C. M.
 ANDERSON, G. S.: Pinhole perforation of the foetal colon, 200
 —: Pituitary lesions associated with congenital adrenal hypoplasia, 197
 ANDERSON, I. M.: Total pulmonary anomalous venous drainage, 415
 Aneurysm, arteriovenous, of great vein of Galen with heart failure in neonatal period, 605
 Angioma of larynx in laryngeal stridor, 200
 Angiomatosis, encephalotrigeminal, treatment by hemispherectomy, 433
 APLEY, J.: Primary myocardial disease in infancy, 415
 Arteries, intimal thickening of, in newborn, significance of, 588
 Arteriovenous aneurysm of great vein of Galen with heart failure in neonatal period, 605
 Arthritis, rheumatoid, calcification of digital vessels in child with, 296
 Asthma, abnormalities of ventilatory capacity in children with, 224
 ASTLEY, R., see CARRÉ, I. J., and ASTLEY, R.
- B**
- B.C.G., freeze-dried, 492
 BABER, M. D.: Two cases of reticuloendotheliosis—Letterer Siwe syndrome, 613
 BACK, E. H., see MACIVER, J. E., and BACK, E. H.
 Bacterial flora of stomach and small intestine in children with intestinal obstruction, 487
 BAIN, A. D., BEATH, M. M., and FLINT, W. F.: Sirenomelia and monomelia with renal agenesis and amnion nodosum, 250
 BAIN, D.: Congenital leukaemia, 200
 BARROW, D. H. E., and KOHLER, H. G.: Haemoglobin 'Barts'—a rare abnormality in the newborn, 360
 BARTER, R. A., and MADDISON, T. G.: The nature of the neonatal pulmonary hyaline membrane, 460
 BEARN, J. G.: The association of sirenomelia with Potter's syndrome, 254
 BEATH, M. M., see BAIN, A. D., BEATH, M. M., and FLINT, W. F.
 BECO, V., see KAFKA, V., and BECO, V.
 BENIRSCHKE, K., see BOURNE, G. L., and BENIRSCHKE, K.
 BENTLEY, J. F. R., and SMITH, J. R.: Developmental posterior enteric remnants and spinal malformations, 76
 BICKFORD, B. J.: Surgical aspects of patent ductus arteriosus, 92
 Biliary ducts, congenital absence of, 199
 BISHOP, R. F., and ANDERSON, C. M.: The bacterial flora of the stomach and small intestine in children with intestinal obstruction, 487
 Blastema, immature, persistence and overgrowth of, in both kidneys of premature infant, 200
 Body build in childhood, 415
 BOLES, E. T., JR., see CLATWORTHY, H. W., JR., BOLES, E. T., JR., and NEWTON, W. A.
